

## 10. Make a magic mirror!

fill a bucket or bowl full of water,  
Swirl the water to make a  
whirlpool! (You could use a stick, or  
Spoon to do this.) As the water slows  
down and begins to settle, imagine  
there is a picture of something  
beyond coming into view. Is it a  
place or a person? What is  
happening in the scene? Who is  
the person you imagine you can  
see?
